Dear Members:

We are well into the new year as you read this. Some of our plans are already being carried out.

As we look back on last year, we had a good year genealogically. May I take this opportunity to thank Mrs. Dempsey Thornton and her committee for the job well done on our quarterlies. Also I would like to thank Mrs. Charles Bruer and her committee for the good job they are now doing.

We have a limited number of past quarterlies that are available at a reasonable price for those of you who do not have a complete set.

We are looking forward this year to publishing the Riverside Cemetery Record of Jackson, Tennessee. This is a large, old cemetery that will be of interest to many people that had ancestors in the Jackson area.

I would like to thank you for the opportunity of serving as president of our society and ask for your help and suggestions in making this a good year genealogically.

Sincerely,

*Lavern Morrisett*

A HISTORY OF THE PRIMITIVE BAPTIST IN THE WESTERN DISTRICTS OF KENTUCKY AND TENNESSEE by Lewis M. Edgar, Minister

INTRODUCTION. In undertaking to give the history of the Baptist in the Western districts of Tennessee and Kentucky, it is necessary to show the origin and rise of the two associations. In 1823 the country was very thinly settled and no association in this district, and there were nine churches met in July 1823 to consider the propriety or impropriety of constituting an association in the Western district, and after consultation they agreed to meet at Birds Creek Church on the 26th and 27th of September, 1823.

We have given the Constitution, Abstract of Principles and Rules of Decorum, the names of all the churches, and change in members; when there is any baptised we name the number, but if there is none baptised it is left blank; give the total number of contribution. We have transcribed the minutes of the Western District Association with the exception of the Constitution, Abstract of Principles and Rules of Decorum, which were ordered to be attached to the minutes of 1827. In as much as they were in the past minutes I have left them out and the division is shown in the minutes of 1828. There were in the division 31 or 32 churches. The Western District Association from its Constitution had nothing to do with worldly institutions. After the division the Obion Association was constituted as is shown in our minutes.

I have shown the difficulties which sprung up among the churches, also the rent of seven churches. We have a lengthy circular on the subject of Open and Close Communion, also a circular on Church Order, and a third one on the subject of Christian Patience with several queries.

Through the request of several of our brethren and my own inclination, I have undertaken the laborious task of transcribing the Constitution and Minutes of the two associations in order to show the present and future generations that there is a people yet contending for the Apostolic Doctrine and Practice.

## STATE ARTILLERY OFFICERS PETITION

The following petition was transcribed by Mary Ann (Mrs. L. R.) Mitchell, 72 Woodhaven Drive, Jackson, Tennessee 38301, from a photostatic copy of the original which can be found in the Virginia State Library in Richmond, under Military Petitions, Box 2, William Jennings, et al. Capt. Lawrence Howse, one of the signers of the petition, served in the Virginia State Line for three years during the American Revolution. His grandson, David Charles Howse, settled in Haywood County Tennessee in the early 1840s, and many of his descendants still live in that vicinity.

The petition is dated Octr. 23, 1778.

To the Honble the Speaker and Gentlemen of the Assembly for the State of Virginia.

The Petition of several Officers belonging to the Regiment of State Artillery. Humbly sheweth that when your Petitioners were appointed to the Offices they respectively hold they conceived as was directed by Law, that they were to rank according to the review of their respective Quotas of Men, which induced them to give a larger Bounty than the Country allowed, to the Soldiers they enlisted, out of their private purses, in order to raise their Quota of Men, which as they conceived would entitle them to rank. But the Governor & Council, from what cause your Petitioners know not, have appointed a Capt. De Flaicman to take command of them, without his having ever recruited a man. Altho' your Petitioners like Capt. De Flaicman as a Man, yet they should consider themselves as unworthy of their Offices if they did not contend for what they view as the pride of a Soldier. & to what they consider themselves justly intitled. They hope therefore your Honble House order an inquiry into the allegations of their Petition & do therein as to your Wisdom shall seem meet. & they shall ever pray.
